# SPEAKER PREVIEW ROOM

 @BritSocHaem  
[www.bshconferences.co.uk](http://www.bshconferences.co.uk)

## Speaker Preview Room

We kindly ask for all speakers to come to the Speaker Preview Room, based in the Fyne Room, on the ground floor of the SEC Glasgow, in order to upload their presentation prior to presenting. Once the presentation has been uploaded in the system this will serve as an indication to the session Chairs and/or Moderator whether or not the speaker is present at the congress.

We recommend that speakers upload their presentation at least 4 hours before the start of their session. Any speakers presenting in the first morning session on Monday 1 April are advised to upload their presentation at 07:30am on Monday 1 April.

Presentations can be uploaded either by CD, DVD or a USB device. A member of the technical team will assist with uploading the presentation, along with any minor changes if required. Once uploaded, the technician will perform a quick review of the presentation to check it runs smoothly and all elements have been uploaded.

PC's will be available in the Speaker Preview Room to check a presentation and allow for last minute changes.

The Speaker Preview Room will open on the following days during these hours:

Date	Opens	Closes
Monday 1 April 2019	07:30	18:30
Tuesday 2 April 2019	07:30	18:00
Wednesday 3 April 2019	07:30	15:30

## General Instructions

Presentations will be stored on a central server which is accessible from all session rooms via a secure network. Presentations are automatically synced between the central server and session rooms. The presentation management system provides a robust mechanism for delivery of the presentations across the conference.

The use of personal laptops or tablet devices, such as iPads, for presenting in the session rooms will not be permitted. If you do need to use a specific device, please contact the technical team in advance of the conference at [BSH2019AV@mci-group.com](mailto:BSH2019AV@mci-group.com)

Speakers are kindly requested to respect their allotted presentation time in order to guarantee the smooth running of the sessions.

### Back Up

- Please bring a copy of your presentation along with you. Copy your presentation and all of the assets to a folder onto a USB device. All videos must be placed in the same folder as your MS Office 365 file. We recommend you keep a second copy in your luggage or in online storage (such as; OneDrive, Google Drive, DropBox, or iCloud).

#### Design (recommendations)

- Use high contrast colours; light text on dark background or vice versa.
- Minimum font size = 24.
- Maximum 8 lines per slide, and 8 words per line.
- Remove all timings from transitions within the presentation, select 'On Mouse Click' to advance.

#### Fonts

- All fonts installed with Microsoft (MS) Office 365 are supported.

#### HTML

- Hyperlinks to external content such as websites cannot be supported; therefore, download the website content to a USB device.

#### Presentations

- All presentations will be presented using MS Office 365 (.pptx) for PC. If your presentation has been created using software other than MS Office 365 for PC (example; OpenOffice, PowerPoint for MAC or Keynote) please make sure your presentation is converted to MS Office 365 for PC. We suggest you review your presentation on a PC running MS Office 365 prior to attending the congress.
- Keynote will not be supported because it cannot be played back on a PC. Please export your presentation as MS Office 365, using filename extension '.pptx'.
- Presentations being presented in Adobe Acrobat PDF format are accepted, but please contact the technical team in advance of the congress at [BSH2019AV@mci-group.com](mailto:BSH2019AV@mci-group.com).
- Clearly identify your presentation and all assets. We recommend incorporating your name into the filename (example: john\_smith\_v1.pptx)
- Presentations that have been created using either Excel, Word or Prezi will not be accepted.

#### Session Chair and/or Moderator

- Speakers should arrive in the session room 10 minutes before the session is due to start. Speakers should introduce themselves to the session Chairs and/or Moderator and familiarise themselves with the general session arrangements. The session Chairs and/or Moderator has been encouraged to contact you prior to the meeting to request a copy of your presentation and a short bio with which to introduce you.
- You are not required to stay in the room for the entire session; however, you will need to be present 10 minutes before your presentation.
- All presentations are to be in English followed by questions in English.

#### Session Rooms

- A technician will be present in each session room to assist speakers in accessing their respective presentation.
- All presentations will be projected in 16:9 format landscape, not 4:3.

#### Video

- If videos have been embedded in the presentation, please remember to bring these files with you on a USB device. Please see below a list of supported video formats.

- All videos must be compressed using a supported codec\*.
  - Supported formats and codecs for video;
    - Windows Media file .asf
    - Windows Video file .avi (some .avi files may require additional codecs)
    - MP4 Video file .mp4, .m4v, .mov
    - Movie file .mpg or .mpeg
    - Windows Media Video file .wmv
  - We recommend you use .mp4 files encoded with H.264 codec (a.k.a. MPEG-4 AVC) and AAC audio, for the best video playback experience in MS PowerPoint 2016 for Windows.
  - For audio, we recommend using .m4a files encoded with AAC audio.
  - Videos in QuickTime (.qt) and DV formats are NOT supported, along with Adobe Flash Media (.swf).
  - Videos should start automatically when the slide (containing the video) appears.
- \*Uncompressed videos will not be accepted due to their large file size, videos should not exceed 50MB each.

The Organisers (MCI UK Ltd) recommend you review your presentation on a PC running MS Office 365 prior to coming to the congress.
